"DEMENTIA CAREGIVERS STUDY

What is the study about? We know that caring for someone with dementia can be both stressful and a rewarding experience. We would like to learn more about how carers cope when feeling under stress. We hope that your input will help us design services to support carers in their role. You will be asked to fill in a questionnaire which should take about 30-40 minutes to complete. If you need assistance the researcher can contact you to discuss further. If you decide to take part please contact the researcher Mairead Diviney (HSE North Dublin and Trinity College Dublin) at mdiviney@tcd.ie or by phone 089 416 9550. Your assistance would be greatly appreciated."

Sincere thanks to all who supported last weekends annual Christmas Collection for the St Vincent De Paul Society which came to **13725.00** for which the Society are extremely grateful

and a special thanks also to all our young people who brought toys for poorer families all of these have been collected by the Society and will be distributed in time for Christmas
